To Whom It May Concern:

On behalf of the Hesperia Unified School District (HUSD), I am writing to express my strong support for the Inland SoCal United Way and its important work in our community.

I am particularly grateful for the support that HUSD employees have provided to the United Way through their generous donations. Last year, HUSD employees donated over \$7,500 to the United Way, which will help to support a variety of programs that benefit students and families in our community.

One of the programs that the United Way supports is the Kids Pack program. This program provides nutritious meals and snacks to students who are at risk of food insecurity. The Kids Pack program is essential in ensuring that all students have access to the food they need to learn and thrive.

The United Way also supports a variety of other programs that benefit students in our community, including programs that provide after-school care, summer enrichment opportunities, and mental health support. These programs help to ensure that all students have the resources they need to succeed in school and in life.

I am confident that the United Way is making a real difference in the lives of students and families in our community. I am proud of the support that HUSD employees have provided to the United Way, and I encourage others to join us in supporting this important organization.

Sincerely,

David Olney
Superintendent
Hesperia Unified School District
